

Updated 07/15

Curriculum Vitae

Janet Louise Larson
4218 Boulder Pond Dr.
Ann Arbor, MI 48108

CURRENT TITLE & DEPARTMENT:

Professor and Director
Division of Acute, Critical and Long Term Care Programs

EDUCATION:

1967 Diploma in Nursing, Mt. Sinai Hospital of Cleveland, Cleveland, Ohio
1975 Bachelor of Science in Nursing, Wayne State University, Detroit, Michigan
1978 Master in Nursing, Department of Physiological Nursing, University of Washington, Seattle, Washington
1985 Doctor of Philosophy in Nursing Sciences, University of Illinois at Chicago, Health Sciences Center, Chicago, Illinois

EXPERIENCE:

1967-1968 Staff Nurse, Coronary Care Unit, Henry Ford Hospital, Detroit, MI
1968-1976 Head Nurse, Coronary Care Unit, Nursing Clinical Coordinator of ICUs, Sinai Hospital, Detroit, MI
1978-1981 Instructor, Seattle Pacific University, Seattle, WA
1981-1985 Research Assistant, University of Illinois at Chicago (UIC)
1986-2007 Assistant Professor, Associate Professor and Professor, UIC
1996-2007 Department Head, UIC
2000-2001 Interim Associate Dean for Research, UIC
2007- Emeritus Profess, UIC
2007- Professor and Chair, Division of Acute, Critical and Long Term Care Programs, University of Michigan

HONORS

1985-1986 American Nurses Foundation Scholar
1994 Fellow in the American Academy of Nursing
1995 Service Award, Respiratory Nursing Society
1996 Pulmonary Nurse Researcher, American Lung Association of Metropolitan Chicago
2000 Founders Award, Respiratory Nursing Society
2001 Marilyn Hansen Award, American Thoracic Society
2002 Distinguished Contribution to Research in the Midwest, Midwest Nursing Research Society
2003 University Scholar for 2003-2006, University of Illinois at Chicago

DOCTORAL TRAINEES (current positions)

1992 Jean K. Berry, PhD, RN, Clinical Associate Professor, UIC

1996	Margaret K. Covey, Research Associate Professor, UIC
1999	Miyoko Matsuo, Professor, Osaka Prefecture University, Osaka, Japan
2000	Eui Geum Kim, Professor, Yonsei University, Seoul, Korea
2004	Mary Kapella, Assistant Professor, UIC
2006	Wendy Woith, Assistant Professor, Illinois State University
2011	Yun-Ping Lin, Assistant Professor, China Medical University, Taichung, Taiwan
2013	Roxane Chan, Assistant Professor, Michigan State University
2014	Dusty Filiung
2014	Catherine Meldrum
2014	Dena Fernandez
—	Carol Vos
—	Seoyoon Woo
—	Celeste Schultz (co-advisor)
—	Julie Slack
—	Innah Park (co-advisor)

RESEARCH SUPPORT (external funding):

Principal Investigator, "Respiratory muscle training in patients with COPD", Sigma Theta Tau, Psi Chapter, 1983, total direct costs \$300.

National Research Service Award Predoctoral Fellowship, (F31 NU05675-02) DHHS Division of Nursing, 1983-1985.

Principal Investigator, "Effects of respiratory muscle training in patients with chronic obstructive pulmonary disease", New Investigator Award, Chicago Lung Association, 1985-1988, total direct costs \$34,826.

Purpose. This was a randomized controlled trial (RCT) to examine the effects of four months of inspiratory muscle training in people with COPD as reflected by inspiratory muscle strength and endurance, walking capacity and symptoms of dyspnea. Employed newly designed test of respiratory muscle endurance.

Principal Investigator, "Respiratory muscle training in COPD patients", American Nurses Foundation Grant, 1985-1986, total direct costs \$2,389. Supplemented the above grant.

Co-investigator (30% effort) "Nurse managed inspiratory muscle training of COPD patients", NIH NCNR (RO1 NR01428 01-03), 9/86 - 12/90, Principal investigator M.J. Kim, Ph.D., R.N., total direct costs \$441,260.

Purpose. This RCT was conducted to determine the effects of six months of inspiratory muscle training in people with COPD as reflected by: inspiratory muscle strength and endurance, walking capacity and symptoms of dyspnea.

Co-investigator, "Bottle and breast feeding: Physiologic effects on preterm infants," National Association of Neonatal Nurses, January 1, 1988 - December 31, 1988, Principal investigator P. Mier, D.N.Sc., R.N., total direct costs \$2,496.
Purpose. To examine sucking during bottle and breast feeding in preterm infants.

Co-Principal Investigator (15% effort) "Effects of inspiratory muscle training in quadriplegic persons", American Association of Spinal Cord Injury Nurses, Co-Principal Investigator, Patricia Sibley, B.S., R.N., Direct costs \$91,361 10/88-10/90,
Purpose. This RCT was designed to examine the effects of inspiratory muscle training in people with spinal cord injury in the mid-cervical region with respect to inspiratory muscle strength and inspiratory capacity.

Principal Investigator (15% effort) "Nurse managed expiratory muscle training: quadriplegia", American Association of Spinal Cord Injury Nurses, 7/1/90 - 6/30/91, direct costs \$29,498.

Purpose. This RCT was conducted to determine the effects of expiratory muscle training in people with spinal cord injury in the mid-cervical region with respect to expiratory muscle strength and cough.

Principal Investigator (30% effort) "Nurse managed inspiratory muscle training of COPD patients, II", NIH NINR (R01 NR01428), 9/1/90 - 11/30/96, total direct costs \$1,304,015.
Purpose. This RCT was conducted to compare the effects of home-based inspiratory muscle training, cycle ergometry training and the combination of inspiratory muscle training and cycle ergometry training with respect to: inspiratory muscle function, functional capacity, dyspnea and functional performance.

Principal Investigator, "Administrative supplement: Nurse managed inspiratory muscle training of COPD patients, II", NIH NINR (RO1 NR01428-05), 9/1/91 - 5/1/92, total direct costs \$24,520. (Supplement was to recruit and study women.)

Principal Investigator, "Administrative supplement: Nurse managed inspiratory muscle training of COPD patients, II", NIH NINR (RO1 NR01428 06), 9/30/92 to 5/31/93, total direct costs \$47,886. (Supplement was to recruit and study women.)

Principal Investigator (20% effort) "Biologically Based Nursing Research Training", T32 NR07075, 01/93-12/97 (K. Potempa, PI yr1-yr4), total direct costs \$850,268.

Purpose. The Biologically Based Nursing Research training grant advanced the nursing science by supporting the training of predoctoral and post doctoral fellows in biological nursing research that employed both animal models and humans research subjects.

Principal Investigator (30% effort) "Nursing model: Respiratory muscle strength in COPD", NIH NINR (1 RO1 NR04129 01-05), 2/10/97 to 01/31/02, total direct costs \$1,474,278.

Purpose. This longitudinal study was conducted to describe the mechanisms associated with deterioration in respiratory muscle strength in people with COPD: hyperinflation, nutritional status, functional capacity, functional performance and symptoms.

Principal Investigator (20% effort) “Training in Biobehavioral Nursing Research”, T32 NR07075 06-15, 7/1/99-4/30/09, turned over PI role to L. Quinn 09/07 upon moving to University of Michigan

Purpose. The Biobehavioral Nursing Research training grant expands the focus of the Biologically Based Nursing Research training with the goal of training predoctoral and post doctoral nurse scientists in cutting edge biobehavioral research methods and a focus on cardiopulmonary and neurobehavioral issues.

Principal Investigator (20% effort) “Center for Research on Cardiovascular and Respiratory Health”, P20 NR07812 01-03), 08/01/01 to 07/31/04, total direct costs \$399,710.

Purpose. The CRCRH was established to support the development of biobehavioral research that addresses the unique needs of people with or at risk for cardiovascular and/or respiratory disease.

Principal Investigator (20% effort) “Nurse managed upper body strength training in COPD”, 1RO1 NR08037-01, 10/01/02-5/31/07, total direct costs \$1,465,000, no-cost extension until 06/09.

Purpose. The RCT is being conducted to determine the effects of four months of upper body strength training and a self-efficacy enhancing intervention with one-year follow-up in people with chronic obstructive pulmonary disease. Outcomes include strength and endurance of the arms, muscle mass of the upper body, symptoms of dyspnea and fatigue and exercise adherence over the course of one year after the formal training program.

Principal Investigator (20% effort) “Center for Reducing Risks in Vulnerable Populations”, P30 NR009014-01, 10/01/04-9/30/09, \$1,584,760, turned over the PI role to J. Zerwic 09/07 upon moving to University of Michigan.

Purpose. The CRRVP was established to support the development of research that addresses the needs of vulnerable populations, specifically people who are vulnerable because of their age (very young or very old), ethnicity or socioeconomic status. The work of the Center focuses on the development of interventions to reduce risks in these vulnerable populations.

Mentor. “Exercise in cancer patients receiving intensive therapy”, (PI, E. Hacker), KO1 NR009375, 9/2005 – 8/2008.

Purpose. This funding supports Dr. Hacker’s development as a biobehavioral researcher with specific emphasis on developing expertise in exercise interventions. The research examines the effects of strength training in people undergoing stem cell transplantation. 15331 Dr. Larson was the primary mentor for this award.

Sponsor. “Mindfulness meditation intervention in COPD”, (PI, R.Chan), 1F31NR012334-01, 2010 - 2012, total direct costs \$69,674.

Project Lead. “Center for Complexity and self-management of chronic disease (CSCD)”, (Multiple PI, D Barton and I Dinov), P20NR15331,9/2014-72019. total direct costs \$913,938.

Purpose The CSCD was established to support the development of research that advances the self-management of people with complex co-morbid conditions and the use of complex interventions. Dr. Larson is Director of the Pilot Core.

PROFESSIONAL ACTIVITIES:

Michigan Heart Association

- 1971 Annual Conference panel discussion member
- 1974 Cardiac Care Rehabilitation Conference, Co-Chair of Planning Committee
- 1974-1976 Member of Nursing Committee

Washington State Nurses Association

- 1979-1981 Member of the Practice Act Committee

American Nurses Association

- 1976- Member
- 1986- Member Council of Nurse Researchers

American Academy of Nursing

- 1994- Elected member

Illinois Nurses Association

- 1981- Member
- 1993 Delegate to INA Biennial Convention
- 1995-1997 President, INA Council of Nurse Researchers

Sigma Theta Tau

- 1975- Elected member, Lambda Chapter
- 1980 Psi Chapter, Member of the Nominating Committee
- 1994-1995 Alpha Lambda Chapter, Vice President

American Lung Association of Metropolitan Chicago

- 1983- Member of Nursing Assembly Research Committee
- 1986-1987 Chair-elect, Nursing Assembly Research Committee
- 1987-1988 Chair, Nursing Assembly Research Committee
- 1990-1997 Research Review Committee, member
- 1990-1991 Chair, Nursing Assembly Research Committee

Sigma Xi

- 1983- Elected member

Midwest Nursing Research Society

- 1983- Member
- 1987,1989, 1991,1992 Abstract reviewer
- 1992- 1994 Awards Committee, member
- 2000-2002 International Conference Committee
- 2000-2001 Program Committee, chair-elect
- 2001-2002 Program Committee, chair
- 2002-2003 Program Committee, member
- 2002-2003 Awards Committee, member
- 2004-2009 Treasurer and Board of Directors, member

2009-2011	Awards Committee, member
2010-2011	President Elect
2011-2013	President
2013-2014	Past President
2012-present	Editorial Board, Western Journal of Nursing Research, member

As a member of the MNRS Board of Directors Dr. Larson spearheaded multiple initiatives including an increase in the number and size of the research grants supported by MNRS (from two to five and still growing) and the addition of poster-discussion sessions to promote interaction among attendees at the annual conference.

American Thoracic Society

1986	Elected member
1987-1989	Chair, Research & Practice Committee, nursing section
1987-1990	Chair, ad hoc committee for developing priorities in nursing research
1988-1989	Nursing Section Nominating Committee, member
1989	ALA/ATS Research Review Committee, guest reviewer
1988-1990	ALA/ATS Fellowship Committee, guest reviewer for Nursing Research Training Award
1989-1990	Nursing Section Program Committee, member
1990-1993	ALA/ATS Research Review Committee, member
2000-2002	Nursing Assembly, Program Committee, chair-elect & chair
2001-2002	Nursing Planning Committee, member
2001- 2007	ALA/ATS Research Grant Review Committee – Section C
2004-2005	Nursing Assembly, Chair-elect
2005-2007	Chair of Nursing Assembly, member of ATS Board of Directors
2008-2010	Audit and Finance Committee, member
2008-2009	Nursing Assembly Program Committee, member
2008-2010	Nursing Assembly Executive Committee
2010-2011	Nursing Assembly Task Force, Future Vision for the Assembly
2014-2015	Editorial Board, AnnalsATS, member

Dr. Larson has a long track record of leadership in the ATS Nursing Assembly and over the years has held many leadership positions and is currently the Chair of the Nursing Assembly. She has also served the broader ATS for many years as a member of the national grant review committee that reviews all scientific grants awarded by the American Lung Association.

Respiratory Nursing Society

1989-1992	President, Co-founder
1992-1993	Annual Conference Committee
1994--1995	Co-Chair, Poster Committee
1995--1997	Chair, Journal Task Force
1996	Ad hoc task force to select a new management firm
1999	Ad hoc task force, Strategic Plan

Dr. Larson was co-founder and the first president of the RNS. This is an organization designed to serve the needs of clinical nurses, primarily advanced practice nurses.

American College of Sports Medicine

2000 – present Member

National Quality Forum:

2012 – 2013 Member of Pulmonary and Critical Care Steering Committee

Friends of the National Institute of Nursing Research

Board Member 2011-2013, 2014-2015

President 2013-2014

PEER REVIEW:

Reviewer for the following journals:

Chest

Image

Heart & Lung

Research in Nursing & Health

American Journal of Respiratory and Critical Care Medicine

NIH Center for Scientific Review

Nursing Research Study Section (AREA grant reviews)

1995, 1996, 1998 x 2, 1999

Special Emphasis Panel

1999

Nursing Study Section ad hoc reviewer

1999-2000 (November, February, June)

2000-2001 (November, February, June)

Nursing Study Section member, Center for Scientific Review

2001-2004

National Institute of Nursing Research, January 2006, NINR Institutional Training (T32) Grant Applications

Nursing Science: Adults and Older Adults Study Section, Center for Scientific Review (member) 2006-2009 (Chair 2007-2009).

CONSULTATIONS (selected):

1987 - 1988. Westside Veterans Administration Hospital, Nursing Service: Presented four inservice education programs in selected pulmonary topics.

1987 - 1988. Gail Ingersoll, Ph.D., R.N., Robert Wood Johnson Fellow, Assistant Professor, School of Nursing, The University of Rochester, Rochester, New York. Reviewed her research proposal and advised her regarding theoretical framework,

research design and measurement methods, "Preoperative respiratory muscle training and outcome".

1988 - 1990. Elspeth Sawyer, Ph.D., R.N., Assistant Professor of Nursing, Department of Family and Community, Ohio State University, Columbus, Ohio: Reviewed her research proposal and advised her regarding research methods. We visited my laboratory for one day and her laboratory for one day.

1990 Healthscan Corp., Cedar Grove, New Jersey: Developed educational material to guide clinicians in managing inspiratory muscle training in patients with COPD, "Respiratory Training with Threshold".

1991. Judy Carlson-Catalano, Ed.D., R.N. College of Staten Island. Served as a content expert on six respiratory case studies for the Staten Island Nursing Diagnosis Association.

1991. Mary MacVicar, Ph.D., R.N., Professor and Chairperson, Department of Family and Community Nursing, Ohio State University. Reviewed and critiqued a research proposal by , Barbara A. Smith, Ph.D., R.N., "Exercise in black children".

1991. Mary Kay Lehman, M.S., R.N. and doctoral student, Case Western Reserve University. Reviewed and critiqued her research proposal, "Functional ability in persons with COPD" and agreed to serve as a consultant during the study. (MKK deceased prior to the completion of the study.)

1995-97. Mary Cook, PhD. Midwest Research Institute, Kansas City, Missouri. "Reversal theory and the motivations for health behavior", RO1, NINR, One day consultation on respiratory maneuvers.

1998. Kathleen Stone, PhD, RN, FAAN, Professor, Ohio State University. Reviewed and critiqued her research proposal (RO1), "Interventions to promote weaning from mechanical ventilation", submitted to NINR.

1998. Anne Turner-Henson, DSN, RN, Associate Professor, The University of Alabama at Birmingham, School of Nursing. Reviewed and critiqued her research proposal (RO1), Reducing passive smoke exposure in pediatric asthma, submitted to NINR.

1999. Eileen Collins, PhD, RN, Clinical Associate Professor, Loyola University Medical Center, Maywood, IL. Helped with the development of her proposal (RO1), "Ventilation-feedback training and exercise in COPD", submitted to NINR.

1999. W. Edwin Langbein, PhD, Research Health Scientist, Department of Veterans Affairs, Edward Hines, Jr, Hospital, Hines, IL. Agreed to serve on the Advisory Board for the Research Enhancement Award Program (REAP) application, "Respiratory failure in the aging veteran", submitted to VA Central office for funding.

1999- 2005 Evelyn M. J. Yeaw, PhD, RN, University of Rhode Island. “Improving health-related quality of life outcomes” R15 AG17034-01A1, 9/01-8/04. Dr. Larson advised Drs. Yeaw and Padula in the development of this R15 application and in its implementation.

2003. Eileen Collins, PhD, RN, “Ventilation-feedback training and exercise in COPD”, VA Rehabilitation Research & Development Project #F2302R.

2004. Medical College of Georgia. Grant review for ME Quinn, February 2005.

2005. St. Louis University. Videotaped lectures for the SLU doctoral program: (a) Enhancing function for people with COPD: evolution of a program of research, (b) Measurement issues: Human performance, (c) Longitudinal decline in functional performance: COPD. Supported by a DHHS grant to Andrew Mills, PhD, RN, St. Louis University.

2006. Medical College of Georgia. Grant review for S Weinrich, winter 2005-2006

2006-2007. University of Louisville. Research mentor for Patricia Wall, PhD, RN. Dr. Larson is mentoring Dr. Wall in the development of her program of research which is focused on improving function in people with chronic obstructive pulmonary disease. This is a formal arrangement between Dr. Larson and the Dean at the University of Louisville and it will continue for at least one year. At the end of the year Dr. Wall will have a research proposal ready for submission to NIH.

February 23, 2007. University of Nebraska Medical Center. Consultation with Interim Department Head and faculty members of the Adult Health and Illness Department. This was a one-day consultation.

Spring 2007. Consultation with Cynthia Padula, PhD, RN, for purposes of developing R15 application. University of Rhode Island. This is a limited consultation to advise Dr. Padula in the development of her R15 application for testing the effects of inspiratory muscle training in people with heart failure. This is a follow up to the work that was initiated in 1999.

Spring 2009. Consultation with Jin Shil, PhD, RN at Michigan State University. Consulted with Dr. Shil regarding her program of research.

Fall 2010, External reviewer for promotion papers. Integrated Health Sciences, University of New England,

Winter 2010 and 2011. Grant review for Denise Saint Arnault, Michigan State University.

Fall & Winter 2010-2011. Consultation with Nancy Gallagher, PhD, RN, at Michigan State University. Consulted with Dr. Gallagher regarding her program of research.

Spring 2015. Consultation with Yaewon Seo, PhD, RN at University of Nebraska Medical Center. Reviewed her CD designed to teach breathing patterns in people with heart failure.

UNIVERSITY OF ILLINOIS AT CHICAGO CONTRIBUTIONS:

Senate Library Subcommittee, 1987-1997
 Research Resources Review Committee, member 1989-1991
 Campus Research Board, Clinical Sciences subcommittee 1992-1995
 Faculty Senate, 1993-1995
 Senate Committee on Research 1993-1995
 University Judiciary Hearing Committee 1995-1997
 Search Committee for the Provost 1996-1997

Institutional Review Board
 Clinical Sciences Board (IRB #1), member 1993-1997
 Biobehavioral Board (IRB #3), chair 1997-2000

General Clinical Research Center, Scientific Advisory Committee 1997-2000, 2001-present

Clinical Translational Research Center, Scientific Advisory Committee 2006 –
 This committee is charged with developing an application for CTSA funding.

COLLEGE OF NURSING, UIC CONTRIBUTIONS:

Admissions and Academic Standards Committee-Graduate, 1987-1988
 Appointment, Promotion and Tenure Committee, 1988-1990, 1993-1995
 Research Committee, member 1991-1992, chair 1992-1993
