RESEARCH INTERESTS

My research interests are focused on improving self-management in persons with chronic cardiovascular conditions. Most studies have to date have been descriptive and qualitative research projects.

A. Completed projects:

1. Franklin, M.M., Harden, J.K., & Peters, R.M. (2014). Episodic blood pressure self- management in persons with hypertension. Principal investigator. Funded July, 2014 for \$5000.00 from the Wayne State University College of Nursing Ada Jacox Pain and Symptom Management Award.
2. Franklin, M.M., Harden, J.K., & Peters, R.M. (2013). The experiences of self- managing perceived blood pressure changes in women with hypertension. Principal investigator. Funded April, 2012-2013 for \$2000.00 from Sigma Theta Tau International Lambda Chapter Research Award and \$1000.00 from the Wayne State University Graduate School.
3. Franklin, M.M., Allen, W., Pickett, S., & Peters, R.M. (2009). Hypertensive symptom representations in African Americans with hypertension. Principal investigator. Funded April 2009-2010 for \$2000.00 from Sigma Theta Tau International Lambda Chapter Research Award.
4. Pickett, S., Allen, W., Franklin, M.M., & Peters, R.M. (2009). Illness beliefs and self-care behaviors in African Americans with hypertension. Co-investigator. Funded April 2009-2010 for \$2000.00 from Sigma Theta Tau International Lambda Chapter Research Award.
5. Allen, W., Pickett, S., Franklin, M.M., & Peters, R.M. (2009). Masculinity beliefs and blood pressure self-care behaviors in African American men with hypertension. Co-investigator. Funded April 2009-2010 for \$2000.00 from Sigma Theta Tau International Lambda Chapter Research Award.
6. Wills, C.E. & Franklin, M.M. (2006). Testing a decision support intervention for depression in persons with diabetes. Co-investigator and research assistant. Funded March 2006-2007 for \$20,000.00 from the Michigan Department of Community Health.
