WALK TO END ALZHEIMERS

OCTOBER 20, 2024

RHO CHAPTER –SNA WALK TO END ALZHEIMERS SERVICE PROJECT

Rho Chapter teamed with the UM Student Nurses Association to raise funds for the Washtenaw County Walk to End Alzheimer's on October 20, 2024 at Ann Arbor Pioneer High School. This annual event aims to unite people in the fight against Alzheimer's and symbolizes hope for a cure through collective action. Our team's fundraising goal was \$500 and we raised 150% of our goal—almost \$800! Many Rho members supported us with online donations and twelve members attended the walk event on Sunday. The weather was perfect and our team visited the displays of information about dementia, support resources, research, and memorials. Each walker could choose a symbolic flower color representing their personal connection to the disease, like blue for someone living with Alzheimer's, purple for a loved one lost to the disease, and yellow for a caregiver. We also heard from patients, families, and friends who have been impacted by dementia.

Our student leader intern, Michelle Valdivia, organized this event and led participation by the Student Nurses Association. She did a wonderful job of communicating with participants and publicizing the event. Thank you, Michelle! And thank you to everyone who supported our team by walking or donating. See you next year!

THE PRESIDENT'S COLUMN

Jen Riske, Rho Chapter President

I'm excited to begin my first term as your Rho Chapter president. Assuming the role of president for such a large and active chapter can be a daunting task. I am blessed to have the support of such an amazing board, including our vice president Deb Lee and our publicity chair Ann Kruszewski (who does so much more than her position depicts). Without them, our chapter would not function nearly as well. Our chapter's strengths truly lie in the activity of our members and our desire to shape and grow our profession. In my short time as president thus far, I have seen our members speak about their research at conferences, hold community fundraisers, host important educational events, and support each other through tumultuous times. As I continue in this role over the next 1.5 years, it is my goal that our chapter will continue to focus on the aspects of our strategic plan that are so vital to our nursing community. We will continue to show our students that nurses are on the forefront of healthcare and can lead from any position. We will nurture their learning and encourage their growth as future leaders. We will serve those around us through mentorship and service activities.

I'm especially proud of the contributions of our diverse membership to our leadership team. Our Rho board represents faculty, nurses in practice, administrators; retirees and students; new graduates and seasoned nurses. Our chapter is especially blessed to have some incredible student leaders on our committees and serving as chapter student leader interns. Read more about them on page 6. I guarantee you will be impressed. I'm also grateful for your generous contributions to our service projects this year. Our Alzheimer's Walk and Holiday Food Drive raised funds and goods to support people in our local community. We could do none of this without you, our members. Your continued membership allows us to be a beacon of the nursing spirit. Encourage your colleagues to join our ranks as Nurse Leaders. Have a wonderful holiday season!

Best,
Jen
