

**University of Michigan School of Nursing
Clinical Learning Center and Simulation Lab
Faculty Information Memo**

The U-M School of Nursing's Clinical Learning Center (CLC) spans the lower level (LL) of the School of Nursing Building (426 North Ingalls).

The CLC strives to create the richest possible teaching environment; one that promotes interactive learning by mimicking the practice environment down to the smallest detail.

The staff of the CLC aim to partner with faculty and staff to enrich the learning experience of the students.

- The CLC Activity Request Form is available on the CLC website. We ask that this form is used for classes that will be using the CLC weekly as part of their course curriculum. The more information the CLC has about your needs, the better the CLC staff can be of service to you and your students. Completed CLC Activity Request Forms can be sent to the following mailbox: UMSN-CLC-Mailbox@med.umich.edu. Please be as detailed as possible with your supply requests, listing each specific item you will need as well as how many of each specific item.
- It is recommended that all CLC requests/reservations must be made no less than two weeks in advance. This will ensure that we have the necessary time to coordinate the room and order supplies if necessary. Requests with less lead time may not be able to be accommodated.
- Once requests are received, we will work within our Master Schedule to determine if your request can be fulfilled. We will communicate back with you within 48 hours after submitting the request.
- The layout of the CLC and its available areas is included at the end of this memo; if you have not utilized the CLC before, we recommend scheduling a walk-through tour of the facilities to learn the capabilities of each area.
- If you have not utilized the CLC before and you have a class scheduled in the upcoming semester, you will be contacted to attend training on simulation/debriefing and equipment operation. Also, use of task trainers is the responsibility of the operator. Scheduling time to meet with the CLC staff to review/practice with any requested task trainers is recommended.
- Please be advised that during normal working hours any assistance needed will be provided by the CLC Assistant Director or a lab attendant and assistance is subject to availability. Pre-planning is greatly appreciated.
- The CLC utilizes a Visitor Log that applies to all faculty, staff, and students who are accessing the area at times other than their typical classroom hours (with or without guests). Please ensure that you sign in/out of the CLC area during off-hours.
- CLC tours for non U-M personnel can be coordinated through the Assistant Director.

Thank you for your continued utilization of our facility to enhance classroom learning!

Any questions, comments, or inquiries can be sent to Amanda Nuechterlein, Assistant Director of the CLC (anuechte@med.umich.edu; 734-764-0095).

Clinical Learning Center Assessment and Nursing Skills Rooms

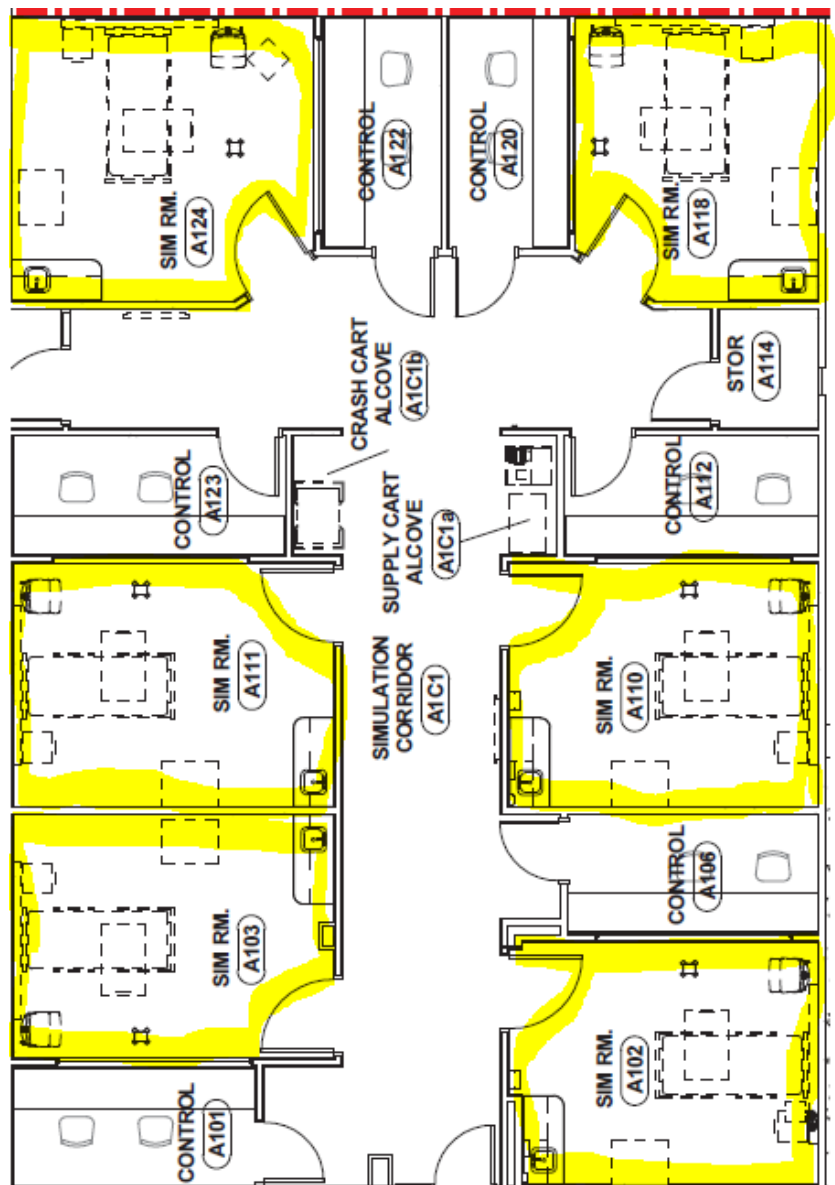

- 1.) Physical Assessment Rooms
 - a) Physical Assessment Room A – A250
 - b) Physical Assessment Room B – A270
- 2.) Standardized Patient Exam Rooms
 - a) Standardized Patient Exam Room A – A240
 - b) Standardized Patient Exam Room B – A242
 - c) Standardized Patient Exam Room C – A244
 - d) Standardized Patient Exam Room D – A246
- 3.) Anatomy Lab – A265
- 4.) Nursing Skills Lab – A210
- 5.) Skills Training Classroom – A204

Developed 9/1/2016

Revised 8/30/2017

Clinical Learning Center Simulation Lab

- 1.) Sim Suite A – A102 – Peds
- 2.) Sim Suite B – A103 – OB
- 3.) Sim Suite C – A110 – OB
- 4.) Sim Suite D – A111 – Peds
- 5.) Sim Suite E – A118 – Med/Surg
- 6.) Sim Suite F – A124 – ICU

Simulation De-Briefing Classrooms (available only when paired with Simulation)

- 1.) Large Classroom – A150
- 2.) Medium Classroom – A160
- 3.) Medium Classroom – A170
- 4.) Master Control Room/Debriefing Room – A285
