| **Technical Standards Form**                    | April 21, 2020                              | August 31, 2020                                    | Please read the technical standards information found in the undergraduate student handbook.  
- Sign page two of the form and submit both pages for acceptance. |
| **TB skin test (also called TB or PPD) or blood test** | April 21, 2020                              | August 31, 2020                                    | Documentation must include the date administered, the date read and negative results OR a lab report showing a negative QuanitiFERON TB Gold or T-SPOT blood test and test date.  
- Blood tests are valid for three years.  
- In the event of a positive result, please contact the Compliance Team at umsn-undergradcompliance@med.umich.edu for further assistance.  
- The school of nursing form is optional. |
| **Flu (Influenza) vaccine**                     | August 13, 2020                             | November 20, 2020                                  | Flu shots will be available on campus at the end of September or beginning of October.  
- You may receive your vaccine anytime during the acceptance period at a location of your choice.  
- Instructions detailing when the flu shots will be available and how to provide proof of compliance will be sent each fall.  
- The school of nursing form is optional. |
| **Requires Renewal every 2 years:**            |                                              |                                                    |                                                                                |
| **CPR (Cardiopulmonary Resuscitation) Certification** | April 21, 2020                              | August 31, 2020                                    | We only accept the American Heart Association BLS for Healthcare provider’s course.  
- An American Red Cross CPR course completed will not be accepted.  
- Please upload your proof of completion. It is valid for two years. |
| **Requires one time submission**                |                                              |                                                    |                                                                                |
| **Tdap (Tetanus, Diphtheria and Pertussis)**    | August 31, 2020                             |                                                    | Documentation of a Tdap vaccine at age 11 or after is required.  
- Since Tdap vaccines are only valid for ten years, you may need to receive a Td booster prior to your first term of enrollment or at some point during your enrollment.  
- Student must ensure that this requirement is valid for the entire academic year. |
