

2021-2022 GRADUATE STUDENT COMPLIANCE REQUIREMENTS

The University of Michigan School of Nursing Compliance Policy requires all School of Nursing students taking any course to be in full compliance, regardless of the course. This includes courses without a clinical component.

Compliance documents are managed by a third-party vendor - <u>www.castlebranch.com</u>. All students must create an online account and upload all compliance documents into the online account. **New** graduate students should use package code *UB59: Background Check – Medical Document Manager* to order a background check and account.

All compliance documents are due on **by July 1** each year (except the flu vaccine). This means that no compliance documents may expire before the last day of classes in April, which is April 20 for the 2021-2022 academic year.
