

## 2019-2020 UNDERGRADUATE STUDENT COMPLIANCE REQUIREMENTS

The University of Michigan School of Nursing Compliance Policy requires all School of Nursing students taking any course to be in full compliance, regardless of the course. This includes courses without a clinical component.

Compliance documents are managed by a third party vendor, CastleBranch [www.castlebranch.com](http://www.castlebranch.com). All students must create an online account and upload all compliance documents into the online account. Undergraduate students should use package code UB58 to order a background check and a new account.

All compliance documents are due on **July 1** each year to avoid a compliance fee with the exception of the flu vaccine requirement. Flu vaccines are due on **November 22** for the 2019-2020 academic year to avoid a compliance fee. In order for requirements to be valid for the entire academic year 2019-2020, no compliance documents shall expire before the last day of classes in April, which is April 21, 2020. To access required compliance forms, please click on the links below.
