

Normal Labour and Birth Research Conference Preliminary Schedule of Events (June 21, 2018)

Sunday June 24, 2018 5:30-7:30 pm EST

Evening Welcome Reception: Light Appetizers and Beverages, Meet and Greet Participants
University of Michigan School of Nursing, 426 N. Ingalls Ave, Ann Arbor Michigan, 48109

Monday June 25, 2018

University of Michigan School of Nursing, 426 North Ingalls, Ann Arbor Michigan, 48109

7:30-8:30am Registration and Coffee in School Atrium Lobby

Plenary Sessions Room 2250

8:30am Welcome: **Lisa Kane Low** University of Michigan Local Program Chair

8:40am Welcome: Dean Patricia Hurn University of Michigan School of Nursing

8:45-9:15am OPENING Plenary Speakers:

Jennie Joseph Let's ignite respectful, evidence-based maternity care everywhere for every woman!

9:15-10:15am OPENING Plenary Speakers:

Melissa Cheyney, Oregon State University, and **Thomas Peppard** from the HBGDki project: Thinking Deep, not just Big: Building Rich Datasets to Identify the Supports and Barriers to Normal Birth, Growth and Development

10:15-10:30am Break to transition to concurrent sessions

Room 1000 10:30-12pm	Room A150 10:30-12pm	NIB 2250 10:30-12pm	Room 1000 10:30-12pm
Elise Erickson: Physiologic Birth and Active Management of the Third Stage of Labor: A Latent Class Analysis of Risk for Postpartum Hemorrhage	Saras Vedam: Dialogue and Shared Decisions: Advancing Person Centered Health Care Interofestiional ogs and decisions	Amy Romano: Home-based monitoring after inadequate GBS prophylaxis: identifying the earliest safe time for hospital or birth center discharge	WORKSHOP Sheena Byrom: Social Media to Promote Maternity Care Advocacy

Karin Cadwell: Intrapartum administration of synthetic oxytocin and downstream effects on maternal and child health	Tasha MacDonald: Home, Hospital or Birth Centre: What Ontario midwifery clients want to know about choice of birthplace	Lisa Kane Low: The ACNM Reducing Primary Cesarean Project: Midwifery leadership promoting physiologic birth care practices	
Mechthild Gross: Interinstitutional variations in oxytocin augmentation during labour in university hospitals in Germany	Celine Lemay: Midwife's knowledge: epistemic authority AND epistemic humility	Melissa Cheyney: Placentophagy among women planning community births in the United States: Frequency, rationale, and associated neonatal outcomes	

12:00-1:15 pm Room 1240/1250 Lunch and Poster Sessions

1:15-2:15pm General Session Room 2250

Plenary Speaker: Holly Kennedy, Yale University: Asking different questions: Acting upon research priorities to improve the quality of care for every woman, every child.

2:15-2:30pm Transition to concurrent sessions

2:30-4:00pm Concurrent Sessions

Room A160 2:30-4:00pm	Room 2000 2:30-4:00pm	Room 2250 2:30-4:00pm	Room 1000 2:30-4:00pm	Room A150 2:30-3:30pm
Christopher Kargel: Women's Experiences of Osteopathic Manipulative Medicine as a Support for Normal Physiologic Labor and Birth	Carol Sakala: Blueprint for Advancing High-Value Maternity Care Through Physiologic Childbearing	Vivienne Souter: Outcomes in Low Risk Singleton Term Births by Intrapartum Provider Type	Louise Page & Louise Nunn: Successful strategies for managing tokophobia	Workshop Irene Korstjens: How to address ethical values and practice in Shared Decision-Making in interprofessional maternity care

<p>Danielle Castro Janzen: Non-pharmacological methods for the relief of pain in labor and birth.</p>	<p>Ank de Jonge: What does value based health care mean for maternal and newborn care?</p>	<p>Jeremy Neal: Midwifery Presence in U.S. Hospitals and Labor Care and Birth Outcomes Among Low-Risk, Nulliparous Women: A Consortium on Safe Labor Study.</p>	<p>Lee Roosevelt: Development of measure of tokophobia in diverse populations in the United States</p>
<p>Megan Danielson: Quality Improvement to Promote High-Quality Maternity Care and Physiologic Birth</p>	<p>Sheena Byrom presenting on behalf of Lesley Ann Page: Why and how humanization of birth must be implemented globally</p>	<p>Denise Smith: Comparing cesarean rates between U.S. hospitals with and without midwives: An application of the Robson ten-group classification system</p>	<p>Sabine Logtenberg: Fear of childbirth and Pharmacological pain relief in low risk women; secondary analysis of the RAVEL study.</p>

4:00-5:00pm Room 1240/1250 **Poster Viewing and Networking Session** with reception and light refreshments

Tuesday, June 26, 2018

Plenary Sessions Room 2250

8:15-8:20am **Kerri Schuiling** Local Committee Session Chair Welcome

8:20-8:30am Virtual Welcome Comments for the Session: **Hannah Dahlen** International Normal Birth Conference Committee

8:30-9:30am **Neel Shah:** Designing Systems to improve care for every mother, everywhere

9:30-10:15am **Raymond De Vries:** A sociologist walks onto a maternity care unit: Differing perspectives on maternity care

10:15-10:30am Break

10:30-12:00pm Concurrent Sessions

Room 2000 10:30-12:00pm	Room 2250 10:30-12:00pm	Room 1000 10:30-12:00pm	Room A150 10:30-11:30am
Christiane Schwarz: Results from the report on midwives involvement in adverse events during childbirth	Elizabeth Howard: Normalizing Birth in a High Risk Environment: Results from the Reducing Primary Cesarean Initiative	Michelle Collins: Good Night Baby! A Look at Co-sleeping in the Era of the Back to Sleep Movement in the United States	Workshop: Sheena Byrom and Evita Fernandez: 'Leave a mark, not a scar: promoting respectful maternity care in India
Caitlin Wilson: Consultant Midwives in the United Kingdom: Effective, quality leadership in today's NHS but are we doing enough to move the role forward?	Trudy Klomp: Low body mass index and neonatal outcomes in low risk women in the Netherlands	Anna Blair: Antenatal and Perinatal Efforts Designed to Enhance Breastfeeding Outcomes: An Integrative Review of Self-Efficacy, Self-Confidence and Resilience	
Kim Watts: An Evaluation of a Specialist Support Intervention to Tackle the Domestic Violence and Abuse: Applicability to a Midwifery Setting	Stacey Lobst: Influence of Cervical Dilation at Admission on Intrapartum Interventions and Cesarean Delivery in Low-Risk Births	Kajsa Brimdyr: Utilizing an algorithm to improve skin-to-skin care in the first hour after birth	

12:00-1:00pm Picnic Lunch on the Lawn (Under the Tent)

General Session Room 2250

1:00-1:45pm Plenary Speaker: **Saras Vedam:** “They threatened and bullied me” Measuring mistreatment in North America

1:45-2:00pm transition to concurrent sessions

2:00-3:30pm Concurrent Sessions

Room 2250 2:00-3:30pm	Room A150 2:00-3:30pm	Room 1000 2:00-3:30pm	Room 2000 2:00-3:30pm
<p>Corine Verhoeven The influence of continuous support of women in labour by primary care midwives on referral rates during labour in The Netherlands</p>	<p>Raymonde Gagnon: Women’s experience of pregnancy and childbirth: transcendent, confusing or confrontational?</p>	<p>Evita Fernandez: Does antenatal education increase the likelihood of normal births?</p>	<p><i>Symposium:</i> Julia Seng: Overview of posttraumatic stress and the childbearing year, and attendant neurohormonal profiles.</p>
<p>Georgina Sosa: Midwifery one-to-one support in labour: More than a ratio</p>	<p>Danielle Castro Janzen: Obstetric Nursing Residency: an answer for the excessive intervention in Birth</p>	<p>Christine Morton: Childbirth Education to reduce nulliparous, term, singleton vertex cesarean birth</p>	<p>Elsa Montgomery: Online education and support for survivors of childhood sexual abuse and their healthcare providers during pregnancy, labor, birth and beyond.</p>
<p>Tamar Kabakian-Khasholian: Implementation of a labor companionship model for integration at public hospitals in three Arab middle-income countries</p>	<p>Suzanne Thompson: Designing a midwifery educational intervention to support the development of physiological childbirth competences among student midwives</p>	<p>Kathrin Stoll: A survey of consumer preferences for midwifery care, place of birth and normal birth, prior to pregnancy in eight high-income countries.</p>	<p>Mickey Sperlich: Trauma-informed care for maternity care providers: Breaking cycles of abuse and vulnerability.</p>
<p>3:30-3:40pm Transition to Concurrent Sessions</p>			

3:40-5:10pm Concurrent Sessions

Room A150 3:40-5:10pm	Room 2000 3:40-5:10pm	Room 1000 3:40-5:10pm	Room 2250 3:40-5:10pm
<p>Amanda Hutcherson: An exploration pre and post developmental intervention, of aspiration, confidence and capability to access a BSc midwifery programme in women who have not had higher education immediately after compulsory schooling.</p>	<p>Melissa Cheyney: No differences in outcomes: Home and birth center births in the United States compared</p>	<p>Susan Rutledge Stapleton: Freestanding Birth Centers Serving Vulnerable Populations</p>	<p>Jeremy L. Neal: Applying a physiologic partograph to Consortium on Safe Labor data to identify opportunities for safely decreasing cesareans among nulliparous women.</p>
<p>Caitlin Wilson: Continuity of care: an exploration of 3rd year student midwives' experiences and views of their readiness to work in a continuity of care model at the point of registration</p>	<p>Nancy A. Niemczyk: Factors Associated with Prolonged Second Stage Labor in Physiologic Childbirth</p>	<p>Marlies Rijnders: The road to an integrated CenteringPregnancy. An effect evaluation</p>	<p>Marit L. Bovbjerg: Neither low (<7) nor very low (<4) 5-minute Apgar score accurately or consistently predicts neonatal morbidity or mortality</p>
<p>Marianne Nieuwenhuijze: "You are my inspiration": Student-midwives thoughts on the meaning of role-models for becoming a midwife a qualitative study.</p>	<p>Nathalie Leister: Characterization of women attended at the Welcome Group of Casa Angela freestanding birth centre in Sao Paulo, Brazil</p>	<p>Gertrud M. Ayerle: Innovative birth environment in the hospital setting: the multicentre trial "Be-Up" in Germany</p>	<p>Nicole Carlson: Comparing labor interventions & outcomes in low-risk, multiparous women between U.S. hospitals with & without midwives: Consortium of Safe Labor Investigation</p>

6:30-9:00pm Pre-purchased Ticketed Dinner Event: Huron Ballroom, Graduate Hotel 615 Huron Street, Ann Arbor Michigan 10 minute walk from School of Nursing. (sold out)

5:30-11:00pm Free Event: "Top of the Park" Ann Arbor Summer Festival: Food trucks, entertainment, movie on Washington and State Street.

Wednesday, June 27, 2018

Plenary Sessions Room 2250

8:00-8:10 Session Chair: **Raymond De Vries** Local Committee

8:10-9:00 **Franka Cadee** The global contributions of midwifery

9:00-9:45 The WHO Guidelines for Intrapartum Care: Evidence and Practice Implications

9:45-10:15 Break

10:15-11:45am Concurrent Sessions

Room 1000 10:15-11:45am	Room 2000 10:15-11:45am	Room A150 10:15-11:45am	Room 2250 10:15-11:45am
<i>Symposium:</i> Symposium on the IUGR risk selection (IRIS) study Ank de Jonge: Myrte Westerneng: Pregnant women's experiences with a third trimester routine ultrasound	Cynthia Torres & Nicholas Rubashkin: "Women's Autonomy Meets the Art of Midwifery: a qualitative inquiry into the persistence of uterine fundal pressure in the second stage of labor in Spain	Michelle Collins: Nitrous Oxide: Best Kept Secret in Europe that the United States is Now Discovering	Jennifer Vanderlaan: Using an obstetric comorbidity index to select a sample of women with high obstetric risk
Viki Verfaillie: Evaluating the effectiveness of routine fetal biometry during the third trimester of pregnancy in reducing severe perinatal outcomes	Jennifer Stevens: Descriptive analysis of midwifery led birth centers (MLBC) in low and middle income countries (LMIC)- a pilot study	Danielle Castro Janzen: Project of Improvement and Innovation for the Care and Teaching of Obstetrics and Neonatology (APICE-ON)	Marit L. Bovbjerg: Waterbirths are not associated with harm: a propensity score analysis
Jens Henrichs: Cost-effectiveness of routine third trimester ultrasound screening for intrauterine growth restriction: a nationwide randomized trial in The Netherlands	Evita Fernandez: Midwifery model of public private partnership in India: a pioneering enterprise	Ruth Zielinski: Birth in the Water: A retrospective comparison of outcomes of two tertiary care hospital settings in the United States.	Holly Horan: Territorial Biologies and the Premature Body: Maternal Stress and Gestational Age at Delivery in Cayey, Puerto Rico

11:45-12:45pm Lunch in Rooms 1240/1250

12:45-1:15 pm **Robbie Davis-Floyd** “Launching the *International Childbirth Initiative (ICI): 12 Steps to MotherBaby-Family Maternity Care*: A Joint FIGO-IMBCO Project”

1:15-2:00pm **Gene Declercq**: What do the numbers tell us? The good, the bad, the complicated, and the challenging.

2:15-3:30pm Closing Panel Presentation

Putting “too much too soon and too little too late” into Context

Panel Moderator: **Gene Declercq**

Panelists:

Christine Morton: Managing the space between critical safety check lists and individualized care to support healthy physiological childbirth.

Saras Vedam: Shared decision making: is everyone’s voice being heard

Evita Fernandez: Making change country-wide by promoting healthy physiological childbirth care

Leseliey Welch: Where is health equity in the approaches used to address prevention of material mortality and promotion of healthy birth.

3:30-4:00 Closing: Next Annual Conference and 2020 Conference: Evita Fernandez
